Elaine

I reviewed the information and it looks good to me also. The main question is housing I just talked with (b) (6) and this is a major concern of his also.

Elaine,

After review the attached certifications they meet the requirements in the contract.

My first concern, is it even possible to have them arrive on the 27th, as we have seen house is tight and clearance paperwork doesn't happen overnight. What is the contingency if they can't make it on the 27th?

Next is the familiarity of the operating environment.

Respectfully,
Carlton

Elaine,

As discussed, apologize for the last moment substitution for Craftmasters (b) (6) and (b) (6). We are working to have their replacements (b) (6) and (b) (6) both fly in on the 27th.

Greatly appreciate the flexibility and patience.
